

Submitter: Justin Ludwig  
On Behalf Of:  
Committee: Senate Committee On Natural Resources and Wildfire  
Measure, Appointment or SB1541  
Topic:

We the people need a clean and healthy world to live, love and pursue our happiness. Our nature, its plants and animals, deserve a clean habitat where they can grow and thrive. The greed of short-term profits by large companies and corporations must end when it harms our own planet. Our water is essential to life. Our air is essential to life. And life cannot continue without a future. Make Polluters Pay will send a message to reckless and indifferent companies: instead of paying your lawyers to handle litigation, invest in preventing pollution and keeping our planet safe.
