

Submitter: Kevin House  
On Behalf Of:  
Committee: Senate Committee On Natural Resources and Wildfire  
Measure, Appointment or SB1541  
Topic:

Dear Chair Golden, Vice-chair Nash, and Members of the Committee,

I work as an outdoor educator in an ecosystem that is already endangered due to climate change and development and is also very vulnerable to the threat of wildfire. That's why I support the creation of the Climate Resilience Superfund, to hold polluters accountable by making the large, out-of-state fossil fuel companies pay their fair share. Oregonians should not be the ones paying for the impacts of climate change while the corporations fueling these impacts continue to profit. As legislators, you have the power to shift the costs from your constituents to these mega corporations. I urge you to pass SB 1541 and finally make these polluters pay for the damage they've done to communities across our state.

Kevin House
