

Submitter: Sue Cole  
On Behalf Of:  
Committee: Senate Committee On Natural Resources and  
Wildfire  
Measure, Appointment or Topic: SB1541

Dear Chair Golden, Vice-chair Nash, and Members of the Committee,

For decades Big Oil has known about the environmental impacts of the use of fossil fuels and has been making American citizens pay in the form of pollution of air and water, loss of use of land and waterways, endangerment and extinction of wildlife, taxation for cleanup, and inability to obtain insurance in areas where fire and floods are occurring due to climate change shown to be directly impacted by the use of fossil fuels. It's time for fossil fuel companies to pay for their greed and damages to the planet, our state in particular. The corporations at fault should pay for remediation, not Oregonians. Make Polluters Pay! Please support this legislation!

Sincerely,  
Sue Cole
