Topic: SB1599

I voted against the transportation tax increase when it was on the ballot. The legislators ignored the people's vote to not increase taxes. They attempted to pass the bloated transportation bill in the regular 2025 session and were defeated. Governor Kotek then called a special session and passed the bloated bill. I signed a petition to repeal the transportation bill and now SB 1599 is being pushed through to move the ballot measure from the general election in November 2026 to the May primary election.

Spending is out of control in Oregon. Millions spent on a design for the bridge not built over the Columbia. A design that does not increase the capacity for vehicles but adds light rail going to Vancouver, Washington....THEY DO NOT HAVE LIGHT RAIL...NO ONES RIDES LIGHT RAIL BECAUSE THE CRIME IS SO BAD IN PORTLAND HOMELESSNESS, DRUGS, RAPE, MURDER!!!

Then you (legislators) want to bring in a baseball team to Portland and pay for a multi billion dollar stadium with taxes. Are you nuts! There is no team and why should my taxes go to pay for a professional baseball stadium that I can't afford to buy tickets to let alone go up to that hellhole of a city.

So just do what the voters have asked, WE WANT OUR PROPOSITION TO BE VOTED ON IN NOVEMBER, 2026 IN THE GENERAL ELECTION! I have to live within my own means so figure it out with the funds you siphon off for your pet programs.

Sick of corruption
