As I have written before the entire odot tax bill is totally unfair and expects too much Oregon resident, especially in rural areas. I've written in previously on this bill. I signed the petition for Oregon registered voters to choose in November 2026 election. I've done what I can to express my feelings on this matter, as have others, yet the state governor is not listening. When will she do her part? Who is she trying to please other than Oregon citizens? Oregon has too many budget shortfalls and misappropriated monies that she does not care to find an answer to. Instead, she demands more money and is sneaky on how she gets the money. It will not be fair to put this bill on the May 2026 ballot instead of the November 2026 ballot.

Thank you,
