

Submitter: David Medford

On Behalf Of:

Committee: House Committee On Climate, Energy, and
Environment

Measure, Appointment or
Topic: HB4046

This is just a backdoor attempt to defy Oregon voters and pave the way for unsafe , economically disastrous nuclear power to raise its ugly head . It's a known , proven fact that renewable sources of energy are by far the cheapest forms of energy and the cheapest , fastest to build . Come on , get serious about our energy crisis . I strongly oppose HB4046 !
