Committee: Senate Committee On Natural Resources and
Wildfire
Measure, Appointment or Topic: SB1541

Dear Chair Golden, Vice-chair Nash, and Members of the Committee,

I am writing to express my strong support for the SB 1541 'Make Polluters Pay' Climate Resilience Superfund Bill. For too long, American taxpayers have footed the bill and suffered the damage caused by fossil fuel companies destroying our planet and polluting our air. Unless these companies are held accountable, they will continue to harm our communities, and we will continue to pay for it.

Please put Oregonians and our natural resources first by passing SB 1541. As a young, immunocompromised person living on the coast, I am acutely aware of and directly affected by pollution above and below the water. Please stand with Oregonians like me, and MAKE POLLUTERS PAY!
