I am opposed to moving the vote on this Referendum to May for several reasons. First and foremost Citizens of Oregon fought hard to get this Referendum on the November ballot, moving it is against the will of the people. Additionally, Primary elections have historically low voter turnout which is exactly what the Governor is hoping and is one more example of the games being played against already over taxed Oregonians. It appears the Governor could be careless about what the citizens of Oregon want. Please leave it on the November ballot as that is the will of the people.
