Measure, Appointment or Topic: SB1581

Chair Frederick, Vice-Chair Weber, and Members of the Senate Education Committee,

My name is Ilana Cloud Strunin, and I live in Portland/McDaniel South Neighborhood, Oregon. I am submitting testimony in strong support of SB 1581: School Meals for All.

SB 1581 ensures that every student can access breakfast and lunch at school at no cost, regardless of income. This is a critical step to addressing hunger during an affordability crisis and ensuring that students can focus on learning rather than worrying about food.

I am especially encouraged that SB 1581 makes breakfast accessible after the start of the school day, recognizing that many students arrive late due to transportation barriers or family work schedules. Allowing breakfast to be served in the classroom and counted as instructional time ensures students are nourished without losing valuable learning time.

The bill also reduces administrative burdens for schools by eliminating meal applications, income verification, and unpaid meal debt collection. Just as importantly, it protects students from stigma and meal shaming, helping create school environments rooted in dignity, equity, and inclusion.

Universal meals matter for equity, learning, or student well-being. I believe it is so important to give all students access to food at school because if they don't have resources for food at home, this breakfast and lunch could be the only substantial food they eat in a day. Having a good meal during school can greatly increase a child's ability to learn and grow, and help their brain to function with more capacity to regulate, integrate, and focus. As a parent, we are really struggling to keep up with prices of food and housing. It is so important for schools in Oregon to support students and parents in this way.

Research and lived experience consistently show that when students have reliable access to nutritious food, schools see improved attendance, fewer disciplinary incidents, and stronger academic outcomes. SB 1581 is a smart investment in Oregon's students and our future.

With only a small number of schools remaining before Oregon becomes a Hunger-Free Schools state, I urge you to vote YES on SB 1581 and ensure that no child in Oregon goes hungry at school.

Thank you for your time and leadership.

Respectfully,

Ilana Cloud Strunin
