Measure, Appointment or SB1541  
Topic:

Dear Chair Golden, Vice-chair Nash, and Members of the Committee,

This is real simple, it is what every parent should teach their child, when you make a mess, you should clean it up. That's why I support the creation of the Climate Resilience Superfund. Now is the time to hold polluters accountable by making the large, out-of-state fossil fuel companies pay their fair share. We've been footing the bill while fossil fuel companies rake in the profits. NO MORE, that must end.

As legislators, you have the power to shift the costs from your constituents to these mega corporations. I urge you to pass SB 1541 and finally make these polluters pay for the damage they've done to communities across our state.
