Measure, Appointment or SB1599  
Topic:

The citizens of Oregon worked very hard to get this referendum completed by the time we had and the amount of signatures sets a precedence of how the citizens feel about this. We understood that this would be on the November ballot and that is where we want it to be put. There is no changing the strike zone in the middle of the game! The people have spoken and we will be heard! At no other time has this been done in the State of Oregon's history and it will not start now!
