The people have spoken overwhelmingly through the IP for a November election. Once more salem has the gaul to override the people who they claim to represent. It wasn't an emergency when salem delayed the vote to insure passage, it wasn't an emergency when the governor sat on the bill for a month before signing. Salem lied saying there was no money, yet odot is still functioning. The sole reason for the move salem is scared of the accountability the voters will instill. No not move the odot vote.
