Re: Referendum Petition 2026-302

Dear Committee Members,

With each successive move, Democrats discredit themselves. I voted for so many in the past, because I was grateful for those who chose to be of service. Now, I feel like an incredible fool.

The fact that the current legislation passed the bill and now wants to repeal it says a lot. It says more that some want to move the referendum to the May election to wiggle out of responsibility.

The committee should reject this proposal, make those responsible accountable for their decisions and move on. Let the referendum play out in the fall as it should. Maybe Democrats can rebuild some credibility.

Sincerely,  
Nannette Willis
