The attempt of this legislative body to ignore the constitution of the state which it has pledged to serve in order to enact its own agenda is unacceptable. We the people of Oregon are speaking out against taxation without proper representation. We have demanded that this legislation be brought to a vote of the people in the election scheduled for November 2026. To do otherwise will show that you do not represent the people but your own ends. We ask that this body reject the proposal to move this issue to the May election.
