Measure, Appointment or SB1541  
Topic:

I strongly oppose HB 1541. These are just more taxes to drain from Oregonians who are already struggling financially. More taxes for “climate change” which is a scam to make more money for politicians. You people are so greedy and drunk on power. I demand an audit on Sec of State’s office who appears to have done horrible investments for PERS for starters. No more new taxes until there is accountability for all the mismanagement of our taxpayer dollars. I oppose this bill, no more taxes especially for a scam climate fund!
