Measure, Appointment or Topic: SB1541

Dear Chair Golden, Vice-chair Nash, and Members of the Committee, As a 14 year resident of Deschutes County, I support the creation of the Climate Resilience Superfund to hold organizations accountable. As legislators, you have the power to shift the cost from your constituents to fossil fuel corporations that add to the climate change impact that continues to grow every year, from wildfires to water pollution, each of our actions make an impact on our sustainability. I urge you to pass SB 1541 and finally make these polluters pay for the damage they've done to communities across our state. Wendy Boyer, Bend, Oregon
