

Submitter:

Jo Ann Casselberry

On Behalf Of:

Committee:

Senate Committee On Education

Measure, Appointment or Topic:

SB1581

I support feeding children at school because I want my tax dollars to benefit my community. This would be a good way to address the problem of hunger & malnutrition. Research has shown that a good diet helps children be better able to learn. A better education for our children means a better future for our community. Our children will have many problems to solve. We owe them the best education we can provide.
