

Submitter:	Madge Baker
On Behalf Of:	
Committee:	Senate Committee On Natural Resources and Wildfire
Measure, Appointment or Topic:	SB1541

The damage to our State due to floods, wildfires, storms, and excessively hot weather needs to be repaired. In addition, new resilient services must be built. The costs must be fairly distributed, especially among the biggest polluters with the huge profits to pay. As Legislators, you can help us taxpayers by enacting the Climate Resilient Superfund, something we can't do without your action on our behalf. Please support SB 1541.
