Measure, Appointment or Topic: SB1541

Chair Golden, Vice-chair Nash, and Members of the Committee

I urge Oregon lawmakers to pass SB 1541 and create the Climate Resilience Superfund to make the largest, out-of-state fossil fuel polluters pay their share for our safety and recovery, instead of Oregonians. There must be consequences to creating damage to our communities, those responsible for the causation should be held accountable for restoring what has been damaged and to cease causing the damage in the first place.
