Measure, Appointment or SB1541  
Topic:

I'll make this short: Huge, transnational corporations have wreaked havoc on OUR environment, OUR health, OUR politics for far too long. They have gotten away with outright murder and bald-faced, massive, continuous theft. This is our opportunity to make them finally pay for their crimes and perfidy. I urge you to do all in your power to force the corporados take responsibility for the destruction they have perpetrated, and continue to do so.
