Measure, Appointment or Topic:	SB1541

This bill is important to me because I care about the environment and I will not stand to let the people who disrespect it go without repercussions. As someone who was affected by the Oregon wildfires in 2020, I would say that the people affected by climate disasters deserve support and protection as a basic human right. They deserve the support that is being misplaced and sent to mega corporations and not their communities. I stand with my community in urging you to pass SB 1541 and support the people of Oregon.
