Committee: Joint Special Committee On Referendum Petition  
2026-302  
Measure, Appointment or  
Topic: SB1599

I am absolutely against SB 1599. A huge portion of the population has spoken and it is time to allow the rest of the population speak. Allowing the general population to familiarize themselves with the positives and negatives of the transportation issues is the way our democracy needs to work. Not being force fed by the few, but consensus by the many. Let the people have time to decide by sticking to the legal method of our elections.
