Hmm, fewer people vote in primaries (May elections). We know why you're trying to move this to the May election. You're scared people about how people will vote on it, because you know this is evil. This is wrong. You've already taken too much from us. Everyone knows about the ODOT mismanagement scandals. ODOT can provide the basic road services you're supposed to with what the state has. It's been proven you don't need more. 250k people signed a petition to get the No Tax measure on the November ballot. And I am one of them. I strongly oppose this measure.
