Measure, Appointment or Topic:

HB4148

Dear Chairwoman Nancy Nathanson and Revenue Committee Members,

As a Hotel operator in Portland Oregon, I am expressing a strong opposition to any proposal to use local transient lodging tax money for the services unrelated to improving tourism. To revive struggling tourism industry, I think, city and county need to spend even more of TLT money on improving tourism that has not reached pre-covid level in Portland yet.

Thank you for your consideration.
