The united states of fraud and waste wants more tax dollars from the destroyed middle and lower class? Currently we project 1% of our tax dollars goes to actual use and the rest is given away through multiple money laundering operations. We are sick of the GOV taking and not giving anything back. Its going to be a matter of time before the people round DC and all the people doing this evil. We should be pausing taxes on federal and a state level until 50,000 are arrested for fraud and most of those people are in DC and at the state levels in democrat states. God help us fight back against the take over.
