House Committee On Rules

Measure, Appointment or Topic:

HJR201

To my Oregon State legislatures,

I am a mother, a person of faith, a small business owner, and a constituent of 20 years.

As an independent and someone who has voted across the aisles my entire adulthood, I would love the opportunity to be able to vote in primary elections. In 2020 due to the pandemic I felt the need to work as an election worker in my county. This continued for a few years. I appreciated learning about the process and gaining further education in this area, however there were times that I was verifying signatures or counting votes that I myself could not be a part of because I had not pledged to a party. Please support this measure so that the Oregon voting system can be more just and fair for all. This would give me hope for the future of my kids during a tough time in our country. Thank you so much for considering my response!

Sincerely,

Ashton Olson
