We the people opposed the original bill, 96% opposition and you people still pushed that through. Then Kotec sat on it till the last minute to attempt to prevent us from gathering signatures. We signed a referendum to be on the November ballot, that is where we the people want it. You people are tone deaf and your are going to end up energizing Oregon voters and you may not like the results if that happens. You people work for us and we are telling you this isn't what we want, very authoritarian of you Tina. I hope every last one of you people are voted out if you move this to the May primary. I 100% oppose this
