Measure, Appointment or SB1599  
Topic:

Thank you for the opportunity to address this committee. Our family of four registered voters oppose this bill and we oppose the concept behind this bill. When we signed the referendum that this bill seeks to manipulate, we knew what we were signing and expressly agreed with the entire referendum including the date of the vote. To now attempt to change that date is to undermine the will of the signers of that referendum. There is constant talk about disenfranchised voters. This is not only a way to disenfranchise them but it is an active finger in your eye while disenfranchising them. We all encourage the committee members to allow this bill to die in committee.
