

Submitter: Nichele Harp

On Behalf Of:

Committee: Senate Committee On Health Care

Measure, Appointment or Topic: SB1598

Removing parent choice and individual doctor oversight means that many individuals will suffer under broad, one-size-fits-all medical mandates. Those responsible for the persons involved - those who live with, provide for, and love those persons - should be the ones influencing sensitive choices of health. This is a government overreach that will cause harm.
