Measure, Appointment or SB1599
Topic:

This is a blatant slap on the face to every citizen in Oregon and particularly the ones that followed the law and got the referendum on the ballot for November. We followed the law, why do you think you get it ignore us and change it. You all talk about protecting democracy and "no kings" and then you decide that you should get to make unilateral decisions that override what we want? And we know this is strictly political. You and your friends dont want your names on the same ballot as this measure and it shows. For once listen to your citizens and do what we legally asked to be done. Leave this on the November ballot!
