Re: SB 1599

Oregon's Governor and her puppets are showing all of us exactly who they are, we need only open our eyes to see.

The fear tactics are no longer working and seem to have backfired and now showing their desperation. This is no way to govern and the people know it. We have all but shouted from rooftops our opposition to the power abuse and this Bill is just another example of the shenanigans of Governor Kotek.

This matter should be on the ballot in November 2026 and I wholeheartedly oppose this bill against moving it to May 2026.
