Measure, Appointment or SB1599
Topic:

Reminds me of Charlie Brown running to kick the ball and just when he gets to it ...Lucy moves the ball out of the way and Charlie Brown lands on his back looking at empty sky.

The respect for legislative rules or legislators is dwindling for this very reason. So tired of the shifty political posturing. SB 1599 should not be shoved off to a later date.

Petitioners have done above and beyond what has been required. This legislative body that says "they are there to serve the people" will they really? I hope you do this time, and stand with the people of Oregon and not with this ploy to weaken our voice. Don't make your promises to serve the people Empty sky!
