Measure, Appointment or Topic:	SB1599

As a taxpayer in the State of Oregon for some 66 years, I have watched the State become more bureaucratic and wasteful. The reason over 250,000 Oregonians signed the petition to repeal key parts of the Transportation Package is because we want to reset this state back to sound economic principles. And the petition states very clearly that the vote should be in November. You are subverting the will of the people by attempting to move it, and this move is not only offensive but very likely illegal. Give us a chance to make a clear statement in November. We hope you are listening.
