Measure, Appointment or SB1599
Topic:

There is no valid reason to spend your time in this short session trying to change the date for this ballot measure. When we gathered signatures and signed petitions it was with the understanding the vote would be in November. You ignored the testimony of the gas tax bill to begin with and now you are trying to ignore the voice of the people by changing the date for this ballot measure. This is an important statewide vote that should be voted on in the main election when there will be more Oregonians involved in the voting process. Please stop trying to interfere in this process and listen to the voters!

Thank you.
