This is a blatant attempt by Democrats to "push" a bill on the Oregon people that the people have said they do not want. The signatures collected indicated that the people do not agree with the bill imposing taxes/tariffs without the people having a say. The signatures also indicated that the people wanted to vote on this bill in November. The Democrats are "obviously" not representing the people of Oregon, but themselves. Options have been presented that would provide the desired funds through avenues without taxes/tariffs. I implore the Legislature to listen to the people and put this bill on the November ballot.
