I believe this bill should be fast tracked. Living next to the border with California we have visitors that cross that border regularly to buy gas and shop without contributing anything into our State to support our road system. The same problem is even bigger with the number of people that cross from Washington State into Oregon to shop and buy gas. Summer is coming and I feel all those heavy RVs lining up at our gas stations and "boondocking" on our oceanfront pullouts need to contribute to our State!
