Measure, Appointment or SB1599
Topic:

I am appalled at the fact this has even been suggested to move this vote to the May primary ballet. This has become such an issue and a quarter of a million signatures collected it MUST go on the November ballet. By allowing SB1599 to pass it is obstructing the right of the people. There is naturally not a big voter turnout for the primary election and by allowing this to be put on the May ballet is absurd and everybody in Oregon knows exactly why you are trying to pass this senate bill. You can't hide the issue and neither can you hide your face on the November election. Anyone who votes in favor of this bill doesn't want it to show up on the same election as themselves for everybody in the state to remember why they came out and signed the petition in the first place. SHAME ON YOU!!! I strongly oppose this bill and encourage everyone to vote NO on SB 1599.
