A big giant NO to moving the referendum petition 2026-302 from the November election to the May primary election!!!!!! Its an inconvenient truth for our state government that the tax payors don't want many of the taxes in the transportation tax bill that our Governor and Legislature tried to ram down our throats. By definition, a referendum is a general vote by the electorate on a political question that has been referred to them for a direct decision. We the People are the electorate. More Oregonians historically turn out to vote for the November election. It's pure political scheming to move the referendum to May knowing that fewer Oregonians will show up to vote. Please stop the manipulation and political maneuvering and oppose SB1599. Let Oregonians have their say. Thank you
