2026-302

Measure, Appointment or Topic: SB1599

We are a couple in our 80's and live on fixed income. We signed the petition to have the voters in Oregon be allowed to vote if they want their gas, licensing, application and other taxes and costs increased. We are not in favor of these increases and it's time for OR legislators to look for ways to reduce costs and live within their means. There is much bloated and wasted money in all governments and Oregon is already one of the highest taxed states in the country. We want this petition to go to as many voters as possible to express their constitutional voting right. It belongs on the November ballot for maximum exposure and not put on the May ballot or suppress or diminish voters concerns. Thank you.
