

Submitter: Morgan Cairns

On Behalf Of:

Committee: Senate Committee On Commerce and General
Government

Measure, Appointment or SB1593
Topic:

We need to protect Oregon's sports and recreation sector with common sense laws that align with those in place in other states. This not only enables operators to secure endurance, but ensures Oregonians have access to enjoy winter recreation like skiing and snowboarding at Mt. Hood and Mt. Bachelor now and in the future.
