

☒ This is a Testimony by everyday Oregonians, many of us are struggling financially and see this Tax increase as a burden on the the citizens that want to make an honest living going to work, many of us are not interested in working in Government we just want a fair Wage and Tax. This isn't a Left or Right issue it's right for all of us to have a chance to vote ☒☒

☒ by reducing this to a primary vote you limit outreach for Oregonians who aren't interested in Primary's this should be on the November, 2026 ballot vote so we have a fair opportunity to see everyone get their idea passed in a fair way for all Oregonians. Do right by us.
