RE: SB 1599

Dear Senators,

I am aware of a new movement in the Oregon Senate, to push through the above referenced bill to move the election date regarding the Transportation tax increase on everyday Oregonians from November ahead to this coming spring.

It is incredibly obvious why you would choose to do this as voter turnout is always lower in these springtime elections.

Please honor the will of Oregonians as manifest in the huge number of voters who made their voices known through the referendum process. Vote no on Senate bill 1599.

Sincerely,
Duane Matthews
