On Behalf Of:

Committee: Senate Committee On Natural Resources and
Wildfire

Measure, Appointment or Topic: SB1541

Strongly oppose the Climate Superfund. This Senate Committee on Natural Resources has done more harm than any smidgen of good to the water, soil, air, trees and natural habitats of the state of Oregon. This "committee" clearly exists as a front for scheming was to get money into the greedy bureaucrats of the Oregon. enough is enough! I strongly oppose SB 1541 and recommend the bogus committee be dissolved all together!
