2026-302
Measure, Appointment or SB1599
Topic:

As an Oregonian for the past 20 years and employed as a former election official in this state and understanding the value of the citizen voice, I vehemently oppose the effort of the current legislature to consider proposed measure SB 1599 that denies the voice of Oregonians who signed the Referendum Petition 2026-302. Each one of the signers to this petition effort, which was historically successful, signed agreeing to the measure being placed on the November 3, 2026 ballot, NOT the May 19, 2026 ballot. It is egregious that the Oregon legislature is even considering SB 1599. I sincerely expect our elected officials to DO THE RIGHT THING and vote against this unjust, biased proposed measure.

Thank you.
