

Submitter: Linden Jeffers

On Behalf Of:

Committee: Senate Committee On Natural Resources and
Wildfire

Measure, Appointment or
Topic: SB1541

To the OR Senate, and my Senate representative:

I support the creation of the Climate Resilience Superfund, to hold polluters accountable by making the large, out-of-state fossil fuel companies pay their fair share.

I feel strongly about protecting our air and water that's as necessary for wildlife as it is for humans. I have friends who have been affected by wildfires and smoke.

Communities across Oregon have had devastating losses due to wildfires. For too long, the cost of cleaning up the impacts of climate change has been the responsibility of Oregonians and our local governments. This must end.

As legislators, you have the power to shift the costs from your constituents to these mega corporations. I urge you to pass SB 1541 and finally make these polluters pay for the damage they've done to communities across our state.

Thank you.
