I took time out of my day to drive across town to sign a petition that close to a quarter of a million other tax paying Oregonians did as well. Why does a large voting block have to do this? Because we are not heard at all by the tyrannical government in the capital in Salem. Now these same people are trying to marginalize our vote by moving it to the wrong voting date knowing that not as many people will see it at a historically lower turn out vote. Governor Kotek should be embarrassed.
