Being one of the highest taxed states in the country is making it very difficult to stay here in Oregon. I really wish that our representatives would care about us seniors and maybe try to represent us. I live in a home that was homesteaded by my wife's family and I really would hate to have to sell it and move to a more affordable state, but if you keep raising our taxes, you will be forcing me to leave. Please have a little compassion on us seniors who have helped keep our state running for many decades! I am truly hoping that you hear my plea, but I am not holding my breath. It is time to think of your constituents and not your special interests!
