Topic: SB1599

I am opposed to this legislation and the attempt to modify the standing rules so to move the referendum voting from November to May, 2026. This appears to be an attempt to distance the legislators who proposed this bill in the first place and the change of date of the referendum vote away from the November election where opposing candidates may use this behavior in open debate against the people who support it. Let the people decide who is doing the best for Oregon.
