Measure, Appointment or Topic: SB1599

I vehemently oppose Senate Bill 1599. It is just an underhanded attempt to thwart the people's wish by putting it to a vote in an off-cycle election in which very few people participate, as the sponsors of this bill are acutely aware. As one who participated in collecting signatures for Referendum Petition 2026-302, we made everyone aware that this vote would occur in November. Now, you're trying to change the rules in the middle of the game. Shame on you.
