Topic: SB1599

I object to SB1599, being moved from the scheduled November General Election to the May Primary.

Doing so disenfranchises all independent registered voters along with voters who are registered to other minority parties!

We warned the Legislature that we did not support the passage of the ODOT bill, but you and your fellow Democrats chose to ignore 80+% of the citizens voices. Now you have to live with the voters decisions to refer the issue to all legal voters to make the decision. While signing the referendum the date for the election was set and we expect you to abide by the decision!
